FROM THE SECURITY DEPARTMENT

We are pleased to publish the 2018 Ozark Christian College Security Department Annual Security and Fire Safety Report. This report is prepared to disseminate important information to the college community. With this publication, it is our intent to communicate not only mandatory information such as crime statistics and fire safety data, but also to give insight into the many ways in which we strive to keep this community safe.

The 2018 Annual Security Report contains information regarding crime prevention programs offered at the college, tips on crime prevention and personal safety, instruction on reporting crimes and emergencies, and the Ozark Christian College (OCC) crime statistics, security-related policies and statements.

As you will see when you review the crime statistics section of this report, OCC is an extremely safe campus. We are thankful that God has protected us from violent crime. We also believe it is wise that we take certain precautions to ensure our campus remains free from crime and a place where we can grow in the “grace and knowledge of our Lord and Savior Jesus Christ.” Campus safety is the responsibility of all members of the campus community. Accordingly, we depend on every member of our community to report suspicious situations immediately to the Security Department and make good decisions that keep both themselves and others safe.

The Security Department employs numerous strategies in its mission of maintaining a safe and orderly environment for students, employees and visitors. In addition to patrolling the campus by foot and vehicle, Campus Security monitors the campus by video and electronic door access surveillance through a network of indoor and outdoor surveillance video cameras and the electronic door access system. Security also provides escorts and motorist assistance, manages vehicle registration, conducts safety and lighting surveys, controls building access using state-of-the-art technology, and responds to emergencies and suspicious or unsafe situations.

OCC contracts with a national security company and campus security officers are trained to enforce campus rules and mandates, and to intervene and report any violation of them. Campus security officers do not have arrest powers, but they may detain individuals for further questioning by local police. Students, faculty, staff, and visitors are expected to cooperate with Campus Security when providing identification and reporting incidents which might result in a breach of campus-wide security.

In addition, the college occasionally contracts with Joplin Police Department officers to be on duty during several major campus events throughout the year. The Security Department also partners with the campus community in the implementation of campus-wide strategies and programs to prevent and respond to criminal activity and other hazards. The ongoing efforts of the Campus Emergency Response Team, the continued updates to the Emergency Operation Plan and the proactive preparedness related to OCCAlerts Emergency Notification System are examples of intensive efforts to provide the safest campus possible.

If you would like to learn more or wish to contact the Security Department, call the Campus Security Office at 417.626.1231 or email security@occ.edu.

THE CLERY ACT

Choosing a postsecondary institution is a major decision for students and their families. Along with academic, financial, and geographic considerations, the issue of campus safety is a vital concern.

The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (Clery Act) is a federal mandate requiring all institutions of higher education (IHEs) that participate in the federal student financial aid program to disclose information about crime on their campuses and in the surrounding communities. The Clery Act affects virtually all public and private IHEs and is enforced by the U.S. Department of Education. Campuses that fail to comply with the act can be penalized with large fines and may be suspended from participating in the federal financial aid program.

The Clery Act, formerly known as the Crime Awareness and Campus Security Act, was signed in 1990 and is named after 19-year-old Jeanne Clery, who was raped and murdered in her Lehigh University residence hall in 1986. Clery's parents lobbied Congress to enact the law when they discovered students at Lehigh hadn't been notified about 38 violent crimes that had occurred on campus in the three years prior to Clery's murder.

COMPLIANCE WITH THE CLERY ACT

The Clery Act requires Ozark Christian College to provide timely warnings of crimes that represent a threat to the safety of students or employees and to make their campus security policies available to the public. The act also requires OCC to collect, report, and disseminate crime data to everyone on campus and to the Department of Education annually.

When the Higher Education Opportunity Act (HEOA) was signed into law in 2008, it amended the Clery Act by adding a number of safety- and security-related requirements to the Higher Education Act of 1965. To be in full compliance with the law, OCC must do the following:

1. Publish and distribute an Annual Security Report to current and prospective students and employees by October 1 of each year. The report must provide crime statistics for the past three years, detail campus and community policies about safety and security measures, describe campus crime prevention programs, and list procedures to be followed in the investigation and prosecution of alleged sex offenses.
2. Provide students and employees with timely warnings of crimes that represent a threat to their safety. The OCC Security Department must also keep and make available to the public a detailed crime log of all crimes reported to them in the past 60 days. Crime logs must be kept for seven years, and logs older than 60 days must be made available within two business days upon request.
3. Keep the past three years of crime statistics detailing crimes that have occurred: on-campus; in college residential facilities; in public areas on or near campus; and in certain non-campus buildings such as remote classrooms. OCC must also report liquor and drug law violations and illegal weapons possessions if they result in a disciplinary referral or arrest.

4. Disclose missing student notification procedures that pertain to students residing in any on-campus student housing facilities.

5. Disclose fire safety information related to any on-campus student housing facilities. This includes maintaining a fire log that is open to public inspection and publishing an Annual Fire Safety Report containing policy statements and fire statistics associated with each on-campus student housing facility. These statistics must include the location, cause, injuries, deaths and property damage of each fire.

6. Submit the collected crime and fire statistics to the Department of Education each fall.

7. Inform prospective students and employees about the availability of the Annual Fire Safety Report.

OCC has a vested interest in campus security and the personal safety of its students and employees. The following pages contain specific information, including crime prevention, fire safety, law enforcement authority, crime reporting policies, disciplinary procedures and other matters of importance related to security and safety on campus. This report also contains information about campus crime statistics.

Members of the campus community are encouraged to use this report as a guide for safe practices on and off campus. The report is available on the internet at occ.edu/security. Every member of OCC receives a postcard that describes the report and provides its website address. For more information, contact the Security Department at 417.626.1231.

The OCC Security Department is responsible for preparing and distributing this report. Crime statistics are compiled based on incidents reported to the Security Department as well as other campus security authorities—those with “significant responsibility for student and campus activities.” Campus crime statistics are also collected from external agencies such as the Joplin Police Department. To learn more about the Clery Act, visit securityoncampus.org/schools/cleryact and click on “Get Informed.”

SECURITY DEPARTMENT MISSION

The stated purpose of the OCC Security Department is to provide a safe and secure environment for students, faculty, staff, and visitors and the safeguarding of campus property and facilities from damage or loss. Our approach is to involve the entire college family in the process of maintaining a safe campus. The Security Department strives to create an atmosphere of comfort and safety to allow students to concentrate on academic issues and to allow employees to concentrate on student service and learning.

SECURITY DEPARTMENT LOCATION

The Security Department is a part of the Student Life Office located in the Casteel Administration Building. OCC Security can be reached at 417.626.1200 or 911 in the case of an emergency. The Security Department can be reached Monday through Friday, between the hours

of 8:00 AM to 5:00 PM, at 417.626.1231 (Security Department information and/or non-emergencies).

SECURITY DEPARTMENT AUTHORITY

Our security officers do not make arrests. They do, however, provide a uniformed presence intended to deter crime and the means for the college to cooperate fully with local law enforcement officials.

CRIME REPORTING OPTIONS AND CAMPUS SECURITY AUTHORITIES

It is the policy of Ozark Christian College to encourage the accurate and prompt reporting of all crimes to the Security Department and/or the appropriate law enforcement agency. Crimes, suspicious activities and emergencies should first be reported to the emergency response system by dialing 911. Secondly, call the campus Security Department to report the incident. Please note that members of the OCC community have several reporting options. Victims or witnesses of a crime may report on a voluntary or confidential basis to several offices that the college has identified as “Campus Security Authorities (CSA).” The Clery Act recognizes certain college officials and offices as CSAs. The act defines these individuals as “officials of an institution who have significant responsibility for student and campus activities, including but not limited to, student housing, student discipline, and campus judicial proceedings. An official is defined as any person who has the authority and the duty to take action or response to particular issues on behalf of the institution.”

While the college has identified and trained a number of CSAs, we officially designate the following offices as places where campus community members should report crimes:

OFFICIAL	CAMPUS ADDRESS	PHONE NUMBER
Security Department	Admin Building – AN183	417.626.1231
Vice President of Student Life	Admin Building – AN185	417.626.1208

Academic Resources Commons Director	Library – LO23	417.626.1234 ext. 2707
Title IX Coordinator	Admin Building – AN184	417.626.1223
Athletic Director	MPB Athletic Office	417.626.1262
L.A.M.P. Director	Ministry Center – IO101	417.626.1279
Student Center Director	Student Center Counter	417.626.1214
Student Success Director	Student Center – MS213	417.626.1225
Residence Director	Alumni Hall	417.626.1280

Residence Director	Goodman Hall	417.626.1281
Residence Director	Strong Hall	417.626.1283
Residence Director	Williamson Hall	417.626.1284

Information concerning crimes can be reported on a voluntary, confidential basis to the Security Department directly for inclusion in the annual crime statistics. Counselors (pastors, etc.) who learn of a crime from a counselee should inform the counselee that the crime may be reported on

a voluntary confidential basis to the Security Department for inclusion in the college's crime statistics only.

Reporting and Confidentially Disclosing Sexual Violence

The college encourages victims of sexual violence or harassment to talk to someone about what happened, so victims can get the support they need, and so the college can respond appropriately.

Different employees on campus have different abilities to maintain a victim's confidentiality.

- Some are required to maintain near complete confidentiality; talking to them is sometimes called a "privileged communication."
- Other employees may talk to a victim in confidence, and generally only report to the college that an incident occurred without revealing any personally identifying information. Disclosures to these employees will not trigger a college investigation into an incident against the victim's wishes.
- Thirdly, some employees are required to report all the details of an incident (including the identities of both the victim and alleged perpetrator) to the Title IX coordinator. A report to these employees (called "responsible employees") constitutes a report to the college—and generally obligates the college to investigate the incident and take appropriate steps to address the situation.

This policy is intended to make students aware of the various reporting and confidential disclosure options available to them, so they can make informed choices about where to turn should they become a victim of sexual violence. The college encourages victims to talk to someone identified in one or more of these groups.

The Options

A. Privileged and Confidential Communications

1. Professional and Pastoral Counselors

Professional, licensed counselors and pastoral counselors who provide mental health counseling to members of the school community (and including those who act in that role under the supervision of a licensed counselor) are not required to report any information about an incident to the Title IX coordinator without a victim's permission.

The following is a list of these individuals:

- Marva Wesley
- Randy Gariss
- Julie Gariss

2. Non-professional Counselors and Advocates

Individuals who work or volunteer in the on-campus Health Center, including staff and students, can generally talk to a victim without revealing any personally identifying information about an incident to the college. A victim can seek assistance and support from these individuals without triggering a college investigation that could reveal the victim's identity or that the victim has disclosed the incident.

While maintaining a victim's confidentiality, these individuals or their office should report the nature, date, time, and general location of an incident to the Title IX Coordinator. This limited report—which includes no information that would directly or indirectly identify the victim—helps keep the Title IX Coordinator informed of the general extent and nature of sexual violence

on and off campus so the coordinator can track patterns, evaluate the scope of the problem, and formulate appropriate campus-wide responses. Before reporting any information to the Title IX Coordinator, these individuals will consult with the victim to ensure that no personally identifying details are shared with the Title IX Coordinator.

A victim who speaks to a professional or non-professional counselor or advocate must understand that, if the victim wants to maintain confidentiality, the college will be unable to conduct an investigation into the particular incident or pursue disciplinary action against the alleged perpetrator.

Even so, these counselors and advocates will still assist the victim in receiving other necessary protection and support, such as victim advocacy, academic support or accommodations, disability, health or mental health services, and changes to living, working or course schedules. A victim who at first requests confidentiality may later decide to file a complaint with the school or report the incident to local law enforcement, and thus have the incident fully investigated. These counselors and advocates will provide the victim with assistance if the victim wishes.

If the college determines that the alleged perpetrator(s) pose a serious and immediate threat to the college community, a Campus Security Authority may be called upon to issue a timely warning to the community. Any such warning should not include any information that identifies the victim.

B. Reporting to “Responsible Employees”

A “responsible employee” is a college employee who has the authority to redress sexual violence, who has the duty to report incidents of sexual violence or other student misconduct, or who a student could reasonably believe has this authority or duty. When a victim tells a responsible employee about an incident of sexual violence, the victim has the right to expect the college to take immediate and appropriate steps to investigate what happened and to resolve the matter promptly and equitably.

A responsible employee must report to the Title IX coordinator all relevant details about the alleged sexual violence shared by the victim and that the college will need to determine what happened, including the names of the victim and alleged perpetrator(s), any witnesses, and any other relevant facts, including the date, time and specific location of the alleged incident. To the extent possible, information reported to a responsible employee will be shared only with people responsible for handling the college’s response to the report. A responsible employee should not share information with law enforcement without the victim’s consent or unless the victim has also reported the incident to law enforcement.

The following categories of employees are “responsible employees” for this purpose:

- | | | |
|----------------------------|-------------------------|--------------|
| • Title IX Coordinator | Admin Building – AN184 | 417.626.1223 |
| • VP of Student Life | Admin Building – AN185 | 417.626.1208 |
| • Academic Dean | Admin Building – AN178 | 417.626.1222 |
| • Athletic Director | MPB Athletic Office | 417.626.1262 |
| • LAMP Director | Ministry Center – IO101 | 417.626.1279 |
| • Student Center Director | Student Center Counter | 417.626.1214 |
| • Student Success Director | Student Center – MS213 | 417.626.1225 |

- Residence Director Dennis Hall 417.626.1282
- Residence Director Strong Hall 417.626.1283

Before a victim reveals any information to a responsible employee, the employee should ensure that the victim understands the employee’s reporting obligations—and, if the victim wants to maintain confidentiality, direct the victim to confidential resources.

If the victim wants to tell the responsible employee what happened but also maintain confidentiality, the employee should tell the victim that the college will consider the request, but cannot guarantee that the college will be able to honor it. In reporting the details of the incident to the Title IX Coordinator, the responsible employee will also inform the Coordinator of the victim’s request for confidentiality.

Responsible employees will not pressure a victim to request confidentiality, but will honor and support the victim’s wishes, including for the college to fully investigate an incident. By the same token, responsible employees will not pressure a victim to make a full report if the victim is not ready to.

Requesting Confidentiality from the College: How the College Will Weigh the Request and Respond

If a victim discloses an incident to a responsible employee but wishes to maintain confidentiality or requests that no investigation into a particular incident be conducted or disciplinary action taken, the college must weigh that request against the college’s obligation to provide a safe, non-discriminatory environment for all students, including the victim.

If the college honors the request for confidentiality, a victim must understand that the college’s ability to meaningfully investigate the incident and pursue disciplinary action against the alleged perpetrator(s) may be limited.

Although rare, there are times when the college may not be able to honor a victim’s request in order to provide a safe, non-discriminatory environment for all students.

The college has designated the following individual(s) to evaluate requests for confidentiality once a responsible employee is on notice of alleged sexual violence:

- Damien Spikereit, Executive Vice President – 417.626.1236
- Doug Miller, General Counsel – 417.626.1215

When weighing a victim’s request for confidentiality or that no investigation or discipline be pursued, said individuals will consider a range of factors, including the following:

- The increased risk that the alleged perpetrator will commit additional acts of sexual or other violence, such as:
 - whether there have been other sexual violence complaints about the same alleged perpetrator;
 - whether the alleged perpetrator has a history of arrests or records from a prior school indicating a history of violence;
 - whether the alleged perpetrator threatened further sexual violence or other violence against the victim or others;
 - whether the sexual violence was committed by multiple perpetrators;

- whether the sexual violence was perpetrated with a weapon;
- whether the victim is a minor;
- whether the college possesses other means to obtain relevant evidence of the sexual violence (e.g., security cameras or personnel, physical evidence);
- whether the victim's report reveals a pattern of perpetration (e.g., via illicit use of drugs or alcohol) at a given location or by a particular group.

The presence of one or more of these factors could lead the college to investigate and, if appropriate, pursue disciplinary action. If none of these factors is present, the college will likely respect the victim's request for confidentiality.

If the college determines that it cannot maintain a victim's confidentiality, the college will inform the victim prior to starting an investigation and will, to the extent possible, only share information with people responsible for handling the college's response. The college will remain ever mindful of the victim's well-being, and will take ongoing steps to protect the victim from retaliation or harm and work with the victim to create a safety plan. Retaliation against the victim, whether by students or college employees, will not be tolerated.

The college will also:

- assist the victim in accessing other available victim advocacy, academic support, counseling, disability, health or mental health services, and legal assistance both on and off campus;
- provide other security and support, which could include issuing a no-contact order, helping arrange a change of living or working arrangements or course schedules (including for the alleged perpetrator pending the outcome of an investigation) or adjustments for assignments or tests; and
- inform the victim of the right to report a crime to campus or local law enforcement, and provide the victim with assistance if the victim wishes to do so.

The college may not require a victim to participate in any investigation or disciplinary proceeding.

Because the college is under a continuing obligation to address the issue of sexual violence campus-wide, reports of sexual violence (including non-identifying reports) will also prompt the college to consider broader remedial action, such as increased monitoring, supervision or security at locations where the reported sexual violence occurred; increasing education and prevention efforts, including to targeted population groups; conducting climate assessments/victimization surveys; and/or revisiting its policies and practices.

If the college determines that it can respect a victim's request for confidentiality, the college will also take immediate action as necessary to protect and assist the victim.

TIMELY WARNINGS

Upon receipt of information of a crime or a threat to students, staff and faculty, the Security Department will ensure timely notification of a crime or threat to all students, staff and faculty.

INITIATING TIMELY WARNINGS

The President of the college (or an appointed designee in cases when the President is unavailable) is the only person authorized to initiate timely warnings. A recommendation for

initiating timely warnings will come through the Executive Vice President or the Vice President of Student Life (or their designees when they are unavailable). The Executive Vice President or the Vice President of Student Life, upon consultation with appropriate campus and community emergency personnel, will recommend to the President that a timely warning should be initiated. In some emergency situations, however, there may not be time for extensive consultation. In these cases the Executive Vice President, the Vice President of Student Life and the President (or their designees) will make the most appropriate decision given the information available at the time.

The college in conjunction with various campus offices will distribute timely warning announcements when there appears to be a threat to the safety and security of persons on campus for the following crimes:

- Aggravated assault
- Arson
- Burglary
- Negligent manslaughter
- Motor vehicle theft
- Murder/non-negligent manslaughter
- Robbery
- Sexual offenses
- Domestic violence, dating violence, and stalking
- Violations of liquor law, drug law, or weapons possession law
- Any other crime in which the victim was chosen on the basis of race, gender, gender identity, religion, disability, sexual orientation, ethnicity, or national origin.

Decisions concerning whether to issue a timely warning will be made on a case-by-case basis using the following criteria:

- Nature of the crime
- Continuing danger to the campus community
- Possible risk of compromising law enforcement efforts

If the threat is sudden and serious, a warning will be issued immediately and will be continually updated until the threat is contained or neutralized. If a threat is less immediate, the warning will be fully developed and distributed after that point in time.

Crimes that could constitute a continuing threat include, but are not limited to:

- Serial crimes that target certain campus populations such as sex crimes or race-based crimes in which the perpetrator has not been apprehended, and
- Ongoing criminal activity in which there is no apparent connection between perpetrator and victim.

Crimes that would not constitute a continuing threat include, but are not limited to:

- Crimes in which the perpetrator has been apprehended, thereby eliminating the threat, and
- Crimes in which an identified perpetrator targets specific individuals to the exclusion of others, such as domestic violence.

WARNING CONTENT

The warning contains sufficient information about the nature of the threat to allow members of the campus to take protective action:

- A succinct statement of the incident
- Possible connection to previous incidents if applicable
- Date, time, and location of the warning
- Description and drawing of the suspect, if available
- Risk reduction and safety tips
- Other relevant and important information

In some cases, the college may need to keep some facts confidential to avoid compromising an ongoing investigation.

NOTIFICATION METHODS

The following methods may be used to notify the campus community of various emergencies that may affect the campus community:

- OCCAlerts
- Phone
- Text message
- Email
- Warning sirens
- Official OCC website
- Local media
- Social media
- Targeted communication: posters, letters, group meetings, etc.

EMERGENCY NOTIFICATION POLICY

Ozark Christian College, in order to maintain a safe campus environment, has an emergency notification system (known as the OCCAlerts). Students will be asked each year to update their contact information in our student information system. At that time they will be given an option to sign up for the OCCAlerts. If they sign up to participate, they will be notified through text messaging and/or email of any serious emergency situation on campus.

It is the policy of Ozark Christian College to issue emergency notification alerts in an effort to notify OCC community members about certain crimes in and around our community in a timely manner. For the purposes of this policy, “timely manner” means that upon confirmation by college administrators, the campus community will be immediately notified of any significant emergency or dangerous situation involving an immediate threat to the health or safety of students or staff. Warnings may only be withheld if they would compromise efforts to contain the emergency. Ozark Christian College complies with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act as mandated by the Department of Education. The OCCAlerts emergency notification system will only be used in significant emergency or dangerous situations involving an immediate threat. Frequent, non-emergency use of this system might compromise its effectiveness in a serious emergency situation. The OCCAlerts system will

be used to provide instructions and information to all or an affected segment of the student population who have opted into the system before, during and after a situation where student health and safety may be compromised due to a natural disaster, criminal activity, and/or public health threat.

The President of the college (or an appointed designee in cases when the President is unavailable) is the only person authorized to activate the OCCAlerts emergency notification system. A recommendation for activation of the OCCAlerts will come through the Executive Vice President or the Vice President of Student Life (or their designees when they are unavailable). The Executive Vice President or the Vice President of Student Life, upon consultation with appropriate campus and community emergency personnel, will recommend to the President that the OCCAlerts system be activated. In some emergency situations, however, there may not be time for extensive consultation. In these cases the Executive Vice President, the Vice President of Student Life and the President (or their designees) will make the most appropriate decision given the information available at the time.

OCCAlerts sign up instructions can be found in Appendix A of this report.

EMERGENCY NOTIFICATION PROCEDURES

The preparedness of this campus in case of an emergency incident is a high-priority issue. Any change in the national threat level will be closely monitored, as will any specific threats to the safety of the OCC community. Information concerning the safety and security of this campus will be disseminated to the community through all available avenues of campus communication (emails, text message system, etc.) and if applicable, any recommended campus actions will be detailed.

The OCC administration implements response protocols in cooperation with the Joplin/Jasper County Emergency Management Agency based upon the current threat level at the national and local level to mitigate risk at this institution. These response protocols activate different levels of operational activities undertaken by the college staff to provide enhanced services to the community and to engage the community in a collaborative state of vigilance against threatening activities. The OCC administration would like to make you aware of the impact that a heightened state of alert has to the campus community by providing general information about the institutional response the campus can expect and what is expected of community members during these uncertain times.

The OCC administration continually reviews and revises procedures that are needed to implement the state of preparedness policy during critical incidents that occur on campus. The new policy/procedure will include:

- Establishing an emergency response based on federally designed Incident Command System protocols;
- Implementing a Disaster Response Protocol model based upon an Incident Response Team comprised of high-level campus administrators, an Emergency Operations Center comprised of major resource holders, and an Incident Command System team comprised of OCC personnel trained to coordinate on-scene activities at major incidents;

- Implementing an Early Warning System Emergency Program (OCCAlerts) to provide instant notification of the campus community to imminent dangerous conditions. Upon activation of the OCCAlerts, campus community members should:
 - Seek shelter within the closest building
 - Follow instructions given through the OCCAlerts and other OCC personnel
 - Minimize cell phone use to maximize emergency response usage
 - Seek information about the emergency from occ.edu

For the duration of any heightened threat condition, OCC personnel will engage in the following activities on a daily basis to augment normal safety and security activities:

- Maintaining an institutional liaison with local, state, and federal agencies to facilitate information sharing with the campus community; and
- Providing increased personnel visibility at designated areas and during campus special events.

What can you do as a community member? We are calling upon you as a member of the community to be vigilant in immediately reporting suspicious activity that you observe on campus. Your knowledge of personal space and areas you frequent on campus enable you to best judge persons or conditions that are out of place or suspicious. When you observe anything that seems out of the ordinary, we encourage you to immediately call Campus Security at 417.626.1200. Your assistance in alerting authorities to suspicious conditions, events, or persons is a critical component of maintaining safe and secure campus and OCC is dependent on a collaborative campus community to maintain safety successfully at this institution.

Ozark Christian College's state-of-the-art campus emergency notification system, the OCCAlerts, sends messages instantly and simultaneously to all registered text message capable mobile devices, and/or email addresses. Students, faculty and staff are strongly encouraged to register. It only takes a minute to sign up (sign up instructions can be found in Appendix A of this report). This will be the surest way for you to receive notifications critical to your safety and well-being.

In case of an emergency situation on campus, we strongly encourage you to keep your own supply of food and water to last for at least a day or two. You should also consider keeping items such as a flashlight, spare batteries, a portable radio, medicine, and other necessary personal supplies in your office area and/or residence hall room. In the event of a campus emergency, with the help of our local Joplin/Jasper County Emergency Management Agency, we will utilize all available city, state, and federal disaster relief agencies such as the Federal Emergency Management Agency (FEMA) and the Missouri State Emergency Management Agency (SEMA).

STUDENT RESPONSIBILITY

The cooperation, involvement, and personal support of students in campus safety is crucial to the overall safety of the campus. Students must assume responsibility for their own personal safety and the security of their personal belongings by taking, simple common sense precautions. The students' awareness of their environment and their surroundings is the best place to start.

Residence Halls:

- Do not prop open the exterior door of your residence hall.
- Always lock your door, even if you leave for only a few minutes.
- Close and lock your windows when you leave.
- Take care of your keys and access cards. Don't loan them out or give anyone a chance to take them from your room.
- Don't leave your valuables like your wallet, checkbook, or jewelry in open view.
- Close your blinds or shades in the evening.
- Engrave electronic items and record serial numbers of expensive items.
- Look out for your fellow students.
- Report any suspicious activity and crimes to the Security Department.

While traveling on and off campus:

- Be aware of your surroundings. Park in well-lit, heavily populated areas. Trust your instincts. If something doesn't feel right, find another place to park.
- If you have a cell phone, have it accessible.
- Do not leave valuable items visible in your vehicle.
- Always roll up your windows and lock your doors before leaving your vehicle.
- Walk with others to your vehicle whenever possible.
- Carry your keys in hand when you approach your vehicle.
- Look around and check the back seat of your vehicle before entering.
- Upon entering your vehicle immediately lock all doors.
- If you are involved in a minor collision in an isolated area, you may want to drive to a well-lit and populated area before stopping to assess your damage.
- Never pick up hitchhikers.
- While driving, if you notice that you are being followed drive to the nearest open store, service station, police station etc., for help. Blow your horn to draw attention to yourself. Try to get a description of the car following you and its license plate number.

DAILY CRIME LOG

The Security Department maintains a daily log. The log contains any reported incidents and crimes. The most recent 60-day period of the log is available to the public upon request during normal business hours: Monday through Friday, 8:00 AM to 5:00 PM, except holidays. Any portion of the log older than 60 days will be available within two business days of a request for public inspection.

SECURITY AND ACCESS TO FACILITIES

OCC provides separate residence hall-style housing for both men and women. Students are issued a coded card key and a key to their individual residence hall room during the registration process. All keys are collected and accounted for at the end of each school year.

All exterior residence hall doors, with the exception of the card-reader doors, are alarmed doors. We also strongly encourage residents to lock their individual room doors whenever they leave, even for a short period of time. Security surveillance cameras are also present on campus.

Within the restraints of established policy, overnight guests of the same sex are permitted in the residence hall provided approval is obtained from the Residence Director.

Campus security officers, working with the Physical Plant Department (PPD), constantly monitor the exterior lighting on campus. Lights discovered not properly functioning are promptly reported to the Physical Plant Department and the necessary repairs are made. PPD also monitors areas of the facilities that directly impact campus security, such as doors, locks and broken windows.

PERSONAL SAFETY AND SELF-DEFENSE PROGRAMS

Safety and security related programs are part of the programming that the residential staff coordinate throughout the year. Specific safety and security tips and reminders are published periodically in the form of Security Memos. An all-student safety and policy meeting is held each fall semester to inform students on safety and policy issues. In addition, self-defense instructors provide students with personal awareness and hands-on self-defense instruction opportunities. These events provide vital information on how to reduce the likelihood of being a victim of crime or sexual assault. The training is extremely helpful for those who have taken part in the program.

FIRE SAFETY

Annual Fire Safety Report - 2018

Residence Halls

This report is published by Ozark Christian College in compliance with the Higher Education Opportunity Act of 2008 and applies to student housing at the college.

ON-CAMPUS HOUSING FIRE SAFETY EQUIPMENT AND STATISTICS

Ozark Christian College has six student residence halls. The chart below indicates the fire safety equipment in each hall as well as fire events for the past three calendar years. Fire alarm systems are independent to each residence hall. When an alarm is activated a local alarms sound throughout the residence hall. Residence Directors (RDs) and Resident Assistants (RAs)

immediately start the evacuation process, assess the situation and if needed call the Joplin Fire Department (911).

- All residence halls are equipped with a Firelite Fire Alarm System installed in 2001, with the exception of Dennis Hall which has a Silent Knight Model #5208 Fire Alarm System installed in 2008. All residence halls are equipped in each residence room, lobby and boiler rooms with smoke alarm sensor Model#2-WB or Model #2-WTB.
- The Joplin Fire Department inspects the campus at least once a year to ensure the campus meets all fire codes.
- Joplin Fire Protection inspects all fire extinguishers at least once a year to ensure fire extinguishers are up to date and in proper working order.
- Once a month the Physical Plant inspects each Fire Alarm System’s history to ensure each system is working properly and has a good backup battery.

Supervised Fire Drills

Fire and evacuation drills are conducted in the residence halls each semester. The drills are supervised and conducted by the Student Life Office, Residence Directors, and Resident Assistants. Students must participate in the fire drills. It is a violation of the college conduct code to not evacuate during a drill.

Evacuation Policy and Procedures

All students must evacuate a residence hall when a fire alarm sounds. The RDs and RAs living in each hall assist in the evacuation process. Residents are instructed on the location of the assembly area for their hall by the RAs. Residents are not permitted to re-enter the building until the “all clear” is given by a campus official or the Fire Department. Should weather conditions be inclement or if the situation prohibits a timely re-entry, evacuated students will be temporarily relocated to another campus building.

Evacuation routes are posted on the emergency flip-chart located in the lobby and the hallway of each floor of the residence hall. Students should become familiar with multiple evacuation routes out of their building and leave from the nearest safe exit. Students evacuating should take only important personal possession within their immediate vicinity as well as shoes and outer clothing suitable for the weather.

RDs, RAs, and students are to assist individuals with disabilities. If someone cannot be evacuated due to an injury or disability, notify the first emergency responder encountered as you are leaving the building.

Fire Safety Violations and Prohibitions

The Ozark Christian College Student Handbook contains information on residence hall policies. The Student Handbook is located on the student portal at occ.edu/handbook. RDs and RAs conduct health and safety inspections of residence hall rooms on a periodic basis each semester. Listed below are fire safety guidelines and prohibitions.

- Nothing may be hung from or attached to ceilings or other horizontal surfaces above the head.
- Nothing may be hung or draped over electrical outlets, smoke detectors, lamps, or other items with the potential to ignite the item through excessive heat exposure.
- Electrical outlets and extension cords may not be overloaded.
- All extension cords must be UL (Underwriter Laboratory) certified and should not run across open areas of the floor.
- Surge protectors should be UL approved. Instead of extension cords, use surge protectors for multiple plugs. Surge protectors should not be linked to other surge protectors or be placed underneath carpets.
- Electric candle warmers, candles (including the wickless variety), incense or any other flames are prohibited in residence hall rooms or common areas. Evidence of violations will result in disciplinary action.
- The use of halogen and plastic multi-colored floor lamps is prohibited in residence hall rooms or common areas. Having such lamps will result in disciplinary action and immediate removal of the lamp.
- The use of cooking appliances in the residence halls with the exception of small coffeemakers in the residents' rooms and hot-pots in the laundry rooms is prohibited. Foreman®-type grills are also prohibited in the residence halls.
- Ironing is not permitted in residents' rooms. Ironing boards are provided in each hall's laundry room. Students are responsible for providing their own automatic shut-off iron.
- No flammable materials or equipment that contains flammable materials (such as camping stoves, lanterns, etc.) may be stored in residence halls.
- Live Christmas trees are not allowed in residence halls. Residence Life staff in each building will provide guidelines for holiday decorations to residents.
- Keep room clear of fire hazards that are created through the accumulation of potentially flammable materials such as newspapers, magazines, boxes, etc.
- SMOKING is not permitted in any residence hall.
- Fireworks, flammable liquids or other hazardous materials are not permitted in Residence Halls.
- Tampering with fire alarm or fire protection systems or deliberating causing a false

fire alarm are violations of the student conduct code and students found responsible are subject to strict sanctions.

Fire Safety Education and Training

RDs and RAs are staff who live in and supervise the college's residence halls. These employees receive annual fire safety, evacuation, and extinguisher training prior to residential students arriving for the fall semester. The staff holds educational floor meetings when students arrive on campus at which fire safety and evacuation procedures are covered with the resident students. Fire evacuation routes and procedures are posted in the lobby and on each floor of each residence hall.

Fire safety is reviewed with new employees during their orientation period. Specialized training is routinely provided to service employees (such as Dining Service and Housekeeping staff) who work in high-occupancy campus buildings and residence halls. Each department manager and faculty chairperson is responsible to see that fire safety guidelines are followed in their respective areas. The *OCC Emergency Procedures Guide* is attached to the wall on every floor of every building on campus, distributed to selected staff outlines procedures for building evacuation and response to fire alarms.

The Physical Plant Department maintains an active working relationship with the City of Joplin Fire Marshall and consults with the Fire Marshall office on matters of fire safety when questions arise. The Fire Marshall's office conducts periodic inspections of campus facilities.

MISSING STUDENT POLICY AND PROCEDURE

Ozark Christian College takes student safety very seriously. To this end, the following policy and procedure has been developed in order to assist in locating OCC student(s) living in college-owned, on-campus housing, who based on the facts and circumstances known to the College are determined to be missing. This policy is in compliance with Section 488 of the Higher Education Act of 2008.

Most missing person reports in the college environment result from a student changing his/her routine without informing his/her roommates and/or friends of the change. Anyone who believes a student to be missing should report their concern to a Residence Director, a Campus Security officer or the Student Life Office. Every missing person report made to the campus will be followed up with an immediate investigation and the college will notify appropriate law enforcement agencies once a student has been missing for 24 hours. The college is required to notify a custodial parent, guardian, or designated contact person when a student under 18 years of age and not emancipated is determined to be missing. In the event that parental notification is necessary, the Dean of Students or a designee will place the call. At the beginning of each academic year, residential students will be asked to provide, on a voluntary basis, emergency contact information in the event he/she is reported missing while enrolled at OCC. This emergency information will be kept in the Student Life Office and will be updated annually. Students can submit their emergency contact information using the Missing Student Emergency Contact Form located under the Student Life tab in the

my.occ.edu student portal.

General Procedure

1. The OCC official receiving the report will collect and document the following information at the time of the report:
 - a. The name and relationship of the person making the report.
 - b. The date, time and location the missing student was last seen.
 - c. The general routine or habits of the suspected missing student (e.g. visiting friends who live off-campus, working a job away from campus) including any recent changes in behavior or demeanor.
 - d. The missing student's cell phone number (if known by the reporter).
2. The OCC official receiving the report will contact the Student Life Office in order to update them on the situation and to receive additional consultation. The Dean of Students or a designee will ascertain if/when other college administrators need to be contacted.
3. Upon notification from any entity that a student may be missing, OCC may use any or all of the following resources to assist in locating the student.
 - a. Go to the student's residence hall room.
 - b. Talk to the student's RA, roommate, and floormates to see if anyone can confirm the missing student's whereabouts and/or confirm the date, time, and location the student was last seen.
 - c. Secure a current student ID (from the Information Technology Department) or other photos of the student from a friend.
 - d. Call and text the student's cell phone and call any other numbers on record.
 - e. Send the student an email.
 - f. Check all possible locations mentioned by the parties above including but not limited to the library, residence hall lobbies, student center, fitness center, etc. Security officers, Residence Directors and Resident Assistants may be asked to assist in order to expedite the search process.
 - g. Contact or call any other on-campus or off-campus friends or contacts that are made known. This could include checking a student's social networking sites such as Facebook and Twitter.
 - h. Ascertain the student's car make, model and license plate number. A thorough check of the college parking lots for the presence of the student's vehicle will also be made to try to locate the missing student's vehicle.

4. The OCC Information Technology Staff may be asked to obtain email or other network logs in order to determine the last log in and/or access of the OCC network.
5. Once all information is collected and documented and the Dean of Students or a designee is consulted, OCC staff may contact the local police to report the information. (Note: If in the course of gathering information as described above, foul play is evident or strongly indicated, the police can be contacted immediately.) If it is necessary to contact the local or state authorities, police procedure and protocol will be followed by the college.

DRUG FREE WORKPLACE AND SUBSTANCE ABUSE POLICY

Ozark Christian College prohibits the unlawful manufacturing, distribution, dispensing, possession or use of illegal drugs by students and employees in the workplace, on College property, or as part of any College activity. The College will enforce federal and state drug laws.

OCC prohibits alcohol in any area of the campus. Students generally receive an administrative sanction for possession of an alcoholic beverage. The College enforces Missouri's underage drinking laws. Students who possess alcohol as a minor or supply intoxicants to minors can be arrested and charged through the Joplin Police Department or Jasper County Sheriff.

Violations of these prohibitions will be handled in the following manner:

1. For students, violations will usually result in disciplinary prohibition, suspension or expulsion as provided in the Student Handbook. Other options include having charges filed through the Joplin Police Department or Jasper County Sheriff.
2. For employees, violations will result in and disciplinary action, up to and including termination of employment. Violations will usually also involve filing of charges through the Joplin Police Department or Jasper County Sheriff.

Below are some of the legal sanctions an individual could face for illegally using alcohol or drugs:

- Missouri law prohibits the purchase or possession of alcohol by those under 21 years of age. It also prohibits persons from knowingly furnishing alcohol to those under 21 years of age. These offenses are punishable by fines ranging from \$50 to \$1,000 and up to one year imprisonment.
- Under Missouri law, it is also illegal to drive while intoxicated, which means that you have a blood alcohol concentration (BAC) of .08 or higher or it is determined that your driving ability is impaired (even if your BAC is below .08). A first offense can result in a \$500 fine and up to 6 months imprisonment. The potential fines and times of imprisonment increase when there are prior alcohol contacts or multiple offenses.
- Missouri law also prohibits the unlawful use, possession, and distribution of controlled substances, including marijuana. Depending on the types and amounts of controlled substances involved and prior drug-related convictions, penalties range from a \$500 fine to life imprisonment.

- Under federal law, illegal possession of a controlled substance can result in a fine of at least \$1,000 and up to one year imprisonment for a first offense. Penalties increase when an offender has been convicted of prior drug-related offenses. Illegal possession of a controlled substance can also result in the forfeiture of property, civil fines, and the loss of federal benefits. Trafficking controlled substances can also lead to substantial fines and lengthy prison sentences, including life imprisonment.
- Conviction of a federal drug law can also result in ineligibility for federal financial aid.

Ozark Christian College is committed to increasing employee and student awareness of the dangers of substance abuse. For example, marijuana can impair thinking, reading, comprehension and verbal skills; hallucinogens result in loss of control of normal thought processes; phencyclidine can produce violent and bizarre behavior; stimulants (amphetamines) may produce mood swings, panic and cardiac disturbances; cocaine is toxic, and overdoses result in death; narcotics cause dependency and severe symptoms upon withdrawal; inhalants have a high risk of sudden death; and alcohol can dull sensation and impair coordination, memory and judgment. In an effort to maintain a drug- and alcohol- free environment, the College will provide:

1. Awareness programs through College Security
2. Assistance through the LAMP Director
3. Assistance through the College Nurse
4. Individual counseling
5. Assistance with making referrals to outside agencies
 - OCC Counseling Services: OCC provides opportunities for counseling to students by individual appointments, or professional referral. An OCC counselor will help to assess a student's or employee's need and provide in-house counseling intervention or make appropriate referrals to area counseling services or agencies.

College Discipline

Violation of this policy will lead to disciplinary action up to or including expulsion for students and discharge for employees. Referral for prosecution may also result.

Substance Abuse Policy

Ozark Christian College prohibits the possession, use, or distribution of alcoholic beverages, marijuana, tobacco products, and illicit drugs by students and employees on its property or as part of any of its activities.

Violations of these prohibitions will be handled in the following manner:

Criminal prosecution for these acts could lead to a conviction, and such conviction could result in a sentence imposing a monetary fine, imprisonment in a state or federal penitentiary, or both.

*This policy is distributed annually to all students and employees in compliance with the Drug-Free Workplace Act of 1998 (P.L. 101-690) and the Drug-Free Schools and Communities Act Amendments of 1989 (P.L. 101-226).

Biennial Review of Drug and Alcohol Abuse Education Program

The college also performs a biennial review of its drug and alcohol abuse education program in order to (1) determine the effectiveness of and to implement any needed changes to the alcohol and other drug education and prevention program, and (2) determine the number of drug- and alcohol-related violations and fatalities (if any) that have occurred at Ozark Christian College and to ensure that the number and type of disciplinary sanctions imposed as a result of drug- and alcohol-related violations and fatalities on the school's campus are consistently enforced.

The college's most recent DFSCA Biennial Review was conducted in 2018.

HARASSMENT AND SEXUAL ASSAULT

Ozark is committed to maintaining an environment in which all individuals treat each other with dignity and respect and which is free from all forms of intimidation, exploitation and harassment, including sexual harassment and sexual assault. Any form of harassment, sexual harassment or sexual assault is absolutely prohibited. Anyone who violates this policy will be subject to discipline, up to and including termination.

Harassment, including sexual harassment, includes unwelcome sexual advances, requests for sexual favors, or other verbal, visual, or physical conduct of a nature that denigrates or shows hostility or aversion toward an individual because of his/her race, color, national origin, gender, disability or age.

Sexual assault is an extreme form of sexual harassment and is defined as a situation in which an individual is forced, threatened or coerced into sexual contact against his or her free will or without his or her consent. Sexual assault may include date or acquaintance rape, sexual molestation, unwanted sexual touching or having sexual contact with a person while knowing or having reason to know that the person is incapacitated in some way.

Any person who has been a victim of a sexual assault should, as soon as possible:

- Seek medical attention immediately. Do not bathe, change clothes or do anything that may interfere with the collection of evidence which can be helpful in proving that a sexual assault occurred.
- Seek counseling and support services.
- Notify the OCC Student Life Office. Every effort shall be made to ensure the privacy and confidentiality of the victim and the accused both during and after any investigative and adjudicative process.
- Keep a journal. Write down the events of the assault including the date, time and chronology. If there are witnesses or people who have information about the assault, write down their names in your journal. Preserve any harassing letters, messages or e-mails as evidence.
- You have several options for seeking a resolution to the incident. You may avail yourself of college grievance procedures as outlined in the Student Life Handbook and/or decide to proceed with a criminal investigation or a civil lawsuit. You do not have to choose one option over another. All are available to you and you may pursue more than one. College personnel are available to help you contact local law enforcement to file a report.

Individuals who have been subjected to harassment, sexual harassment or sexual assault should file a written complaint immediately in accordance with the Grievance Policy of the college. Any person determined to be responsible for harassment, sexual harassment or sexual assault will be subject to appropriate disciplinary action, up to and including immediate dismissal or termination. The college strongly encourages individuals to report all incidents immediately so that complaints can be investigated in a timely manner.

REGISTERED SEX OFFENDER INFORMATION

OCC's Security Department is not the custodian of the sexual offender's database. This falls under two County Sheriffs' Departments since the City of Joplin lies in two different counties. The telephone numbers for those counties are listed below.

- The number for Jasper County sexual offenders' data is 417.624.1601.
- The number for Newton County sexual offenders' data is 417.451.8300.

CRIME STATISTICAL REPORT INFORMATION

The statistical information provided below complies with the required reporting of the "Jeanne Clery Disclosure of Campus Security Policies and Campus Crime Statistics Act." Crime statistics for the most recent three-year periods are published.

The statistical data is compiled from records maintained by the Security Department, the Student Life Office, the Joplin Police Department, and other law enforcement agencies with jurisdiction over locations that are included in the college's Clery Geography including off-campus student trips. The criminal offenses are classified using the "Clery Act" crime definitions. The "Clery Act" defines the location categories used. "Non-Residential" indicates the violation occurred on campus grounds or in a building not used for student housing. "Residential" indicates it occurred in a college owned residence hall. "Public Property" is public property such as parks and streets adjacent to the campus. "Non-Campus" refers to any building or property located off campus and owned by the college or controlled by a student organization officially recognized by the college.

The reader should keep in mind that some crime victims may choose not to report offenses to campus or local law enforcement authorities and violations listed may result in both arrest and disciplinary referral for the same offense. Other types of unacceptable conduct such as thefts and

vandalism occur on college campuses. All criminal activity is detrimental to the college community, and strong measures including dismissal are taken against offenders.

CLERY ACT CRIME DEFINITIONS

Under the Clery Act, crimes are classified based on the Federal Bureau of Investigation's (FBI's) Uniform Crime Reporting Handbook (UCR). For sex offenses only, the definitions used are from the FBI's National Incident-Based Reporting System (NIBRS) edition of the UCR. Hate crimes are classified according to the FBI's Uniform Crime Reporting Hate Crime Data Collection Guidelines and Training Guide for Hate Crime Data Collection. Although the law states that institutions must use the UCR for defining and classifying crimes, it does not require Clery Act crime reporting to meet all UCR standards.

The Clery Act requires institutions of higher education to disclose crime statistics covering the previous three years on four general categories of crimes: (1) primary crimes (murder and non-negligent manslaughter, manslaughter by negligence, sex offenses (rape, fondling, statutory rape and incest), robbery, aggravated assault, burglary, motor vehicle theft, and arson); (2) hate crimes (any of the primary crimes except manslaughter by negligence and any incidents of larceny-theft, simple assault, intimidation or destruction/damage/vandalism of property that were motivated by certain biases); (3) arrests or referrals for disciplinary action for weapons, drug and liquor law violations; and (4) crimes of domestic violence, dating violence and stalking.

The definitions of these offenses follow FBI guidelines and are as follows:

PRIMARY CRIMES

Murder and non-negligent homicide: The willful (non-negligent) killing of one human being by another.

Manslaughter by negligence: The killing of another person through gross negligence.

Rape: The penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim. This offense includes the rape of both males and females.

Fondling: The touching of the private body parts of another person for the purpose of sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental incapacity.

Incest: Sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.

Statutory Rape: Sexual intercourse with a person who is under the statutory age of consent.

Robbery: The taking or attempting to take anything of value from the care, custody or control of a person or persons by force or threat of force or violence and/or by putting the victim in fear.

Aggravated assault: An unlawful attack by one person upon another for the purpose of inflicting severe or aggravated bodily injury, usually accompanied by the use of a weapon or by a means likely to produce death or great bodily harm.

Burglary: The unlawful entry of a structure to commit a felony or a theft.

Motor vehicle theft: The theft or attempted theft of a motor vehicle.

Arson: Any willful or malicious burning or attempt to burn, with or without intent to defraud, a dwelling house, public building, motor vehicle or aircraft, personal property of another, etc.

HATE CRIMES

Hate crimes involve those crimes motivated by the following biases: race, gender, religion, sexual orientation, ethnicity, disability, national origin, and gender identity. As noted, hate crimes include those defined above (except manslaughter by negligence) that were motivated by one or more of these biases. They also include a second category as follows:

Larceny-theft: The unlawful taking, carrying, leading or riding away of property from the possession or constructive possession of another. Constructive possession is the condition in which a person does not have physical custody or possession, but is in a position to exercise dominion or control over a thing.

VIOLENCE AGAINST WOMEN REAUTHORIZATION ACT (VAWA), CAMPUS SEXUAL VIOLENCE ELIMINATION (SAVE) ACT, AND TITLE IX

Overview

Ozark Christian College students and employees are expected to conduct themselves with sexual purity and guard against the appearance of sexual impropriety. (“But among you there must not be even a hint of sexual immorality, or of any kind of impurity...because these are improper for God’s holy people” Eph 5:3.) Sexual relationships are designed by God to be expressed solely within a marriage between a man and a woman. Sexual activities of any kind outside the confines of such marriage are inconsistent with the teachings and moral values of Scripture and are prohibited by the college.

Discrimination

Ozark Christian College does not discriminate on the basis of sex in its educational programs. Sexual harassment, sexual assault, sexual violence, dating violence, domestic violence, stalking, and sexual misconduct are types of sex-based discrimination and are prohibited. As required by federal law, Ozark Christian College issues this statement of policy to inform the college community of its comprehensive plan addressing sexual misconduct with educational programs and procedures that address sexual assault, domestic violence, dating violence, and stalking when it is reported to a college official. Ozark Christian College prohibits the offenses of domestic violence, dating violence, sexual assault and stalking and reaffirms its commitment to maintain a campus environment emphasizing the dignity and worth of all members of the college community. Crimes should be reported to law enforcement.

Title IX prohibits different forms of discrimination. Sex discrimination includes sexual harassment and sexual violence. Students or employees who experience discrimination should report it to the Title IX Coordinator.

Ozark Christian College has the responsibility to promptly investigate complaints of sex discrimination and take appropriate steps to remedy any hostile educational environment that is created by such behaviors. A hostile education environment is created by an act or series of acts of sex discrimination that are serious enough to interfere with a students’ ability to learn or participate in educational or extracurricular activities. During the investigation, remediation, and appeal processes, the college must provide both parties with equivalent rights. For example, both parties have the right to have an advisor present during meetings and hearings, and both parties have the right to be informed of the outcome of any hearing or appeal.

While Ozark Christian College has a duty to promptly and equitably respond to a complaint of sexual harassment or violence, the victim cannot be required to participate in the disciplinary process and has the right to have his/her identity remain confidential. However, if the victim chooses not to participate and to have one's identity remain confidential during the investigation, remediation, and conduct process, the college may be limited in its ability to investigate and take remedial action against the alleged perpetrator(s).

Rights that are afforded both the accuser and the accused during the process may include the following:

- Bring an advisor of your choice
- Present information or have witnesses speak on your behalf
- Have timely access to information that will be used at a hearing
- Receive the final hearing decision in writing at the same time as the other party without being required to sign a non-disclosure agreement

Title IX protects the victim or anyone else reporting sex discrimination, sexual harassment, or sexual violence from retaliation, whether it be by college employee or student. For additional information on the college's policies, students should consult the Student Handbook and employees should consult the Personnel Handbook.

OCC prohibits the offenses of domestic violence, dating violence, sexual assault and stalking. In that regard, the following definitions apply within the state of Missouri and are used in OCC education and training programs:

Definitions

- **Consent** or lack of consent may be expressed or implied. Assent does not constitute consent if:
 - a. It is given by a person who lacks the mental capacity to authorize the conduct charged to constitute the offense and such mental incapacity is manifest or known to the actor; or
 - b. It is given by a person who by reason of youth, mental disease or defect, or intoxication, is manifestly unable or known by the actor to be unable to make a reasonable judgment as to the nature or harmfulness of the conduct charged to constitute the offense; or
 - c. It is induced by force, duress or deception.

See Missouri Revised Statutes § 556.061(5)

In addition to the definition of consent under Missouri law, the college uses the following definition of consent for the purpose of determining whether a violation of its Sexual Violence/Assault Policy has occurred:

Lack of consent is often the critical factor in determining whether Sexual Violence/Assault has occurred. Consent is informed, freely given, and mutually

understood. Consent requires an affirmative act or statement by each participant. Consent is not passive. The college does not recognize consent by silence.

- If coercion, intimidation, threats, and/or physical force are used, there is no consent.
- If a person's physical or mental disability renders them incapable of understanding the fact, nature, or extent of the sexual situation, there is no consent.
- If a person is impaired by alcohol or drugs such that the person cannot understand the fact, nature, or extent of the sexual situation, there is no consent.
- If a person is asleep or unconscious, there is no consent.
- Consent to one form of sexual activity does not imply consent to other forms of sexual activity.
- Consent can be withdrawn. A person who initially consents to sexual activity is deemed not to have consented to any sexual activity that occurs after he or she withdraws consent.
- Consent may be deemed invalid when it is obtained in circumstances where one party exercised a position of direct authority or control over another.

A victim is not required to affirmatively/physically resist or say "stop" in order for there to be Sexual Violence/Assault.

- ***Domestic Violence*** is abuse or stalking committed by a family or household member.
 - a. "Family or household member" means spouses, former spouses, any person related by blood or marriage, persons who are presently residing together or have resided together in the past, any person who is or has been in a continuing social relationship of a romantic or intimate nature with the victim, and anyone who has a child in common regardless of whether they have been married or have resided together at any time.

See Missouri Revised Statutes § 455.010(1), (5), (7)

- b. "Domestic Assault" is also defined under the Missouri Law and includes conduct that is considered to be Domestic Violence.
 - A person commits the crime of domestic assault in the first degree if he or she attempts to kill or knowingly causes or attempts to cause serious physical injury to a family or household member, including any child who is a member of the family or household.

See Missouri Revised Statutes § 565.072

- A person commits the crime of domestic assault in the second degree if the act involves a family or household member, including any child who is a member of the family or household and he or she:
 1. Attempts to cause or knowingly causes physical injury to such family or household member by any means, including but not limited to, by use of a deadly weapon or dangerous instrument, or by choking or strangulation; or
 2. Recklessly causes serious physical injury to such family or household member; or
 3. Recklessly causes physical injury to such family or household member by means of any deadly weapon.

See Missouri Revised Statutes § 565.073

- A person commits the crime of domestic assault in the third degree if the act involves a family or household member, including any child who is a member of the family or household, as defined in section 455.010 and:
 1. The person attempts to cause or recklessly causes physical injury to such family or household member; or
 2. With criminal negligence the person causes physical injury to such family or household member by means of a deadly weapon or dangerous instrument; or
 3. The person purposely places such family or household member in apprehension of immediate physical injury by any means; or
 4. The person recklessly engages in conduct which creates a grave risk of death or serious physical injury to such family or household member; or
 5. The person knowingly causes physical contact with such family or household member knowing the other person will regard the contact as offensive; or
 6. The person knowingly attempts to cause or causes the isolation of such family or household member by unreasonably and substantially restricting or limiting such family or household member's access to other persons, telecommunication devices or transportation for the purpose of isolation.

See Missouri Revised Statutes § 565.074

- ***Stalking*** is when any person purposely and repeatedly engages in an unwanted course of conduct that causes alarm to another person when it is reasonable in that person's situation to have been alarmed by the conduct. As used in this subdivision:

- a. “Alarm” means to cause fear of danger of physical harm;
- b. “Course of conduct” means a pattern of conduct composed of repeated acts over a period of time, however short, that serves no legitimate purpose. Such conduct may include, but is not limited to, following the other person or unwanted communication or unwanted contact; and
- c. “Repeated” means two or more incidents evidencing a continuity of purpose.

See Missouri Revised Statutes § 455.010(13)

- **Dating Violence:** Based on good-faith research, we have determined that dating violence is not specifically defined in the Missouri Revised Statutes, though it is generally covered by the definitions of Domestic Violence and Domestic Assault. Also, in accordance with Federal law the College does collect statistics for these offenses using the definition contained in the Violence Against Women Act. That definition is listed earlier in this report under the section entitled “Clery Act Crime Definitions.”
- **Sexual Assault:** (Mo. Rev. Stat. § 455.010(1)(e)): Causing or attempting to cause another to engage involuntarily in any sexual act by force, threat of force, duress, or without that person’s consent.

For purposes of the Clery Act, the term “sexual assault” includes the offenses of rape, fondling, incest, and statutory rape. These definitions under Missouri law are as follows:

- **Rape** (Mo. Rev. Stat. §§ 566.030.1 and 566.032.1):
 - A person commits the offense of rape in the first degree if he or she has sexual intercourse with another person who is incapacitated, incapable of consent, or lacks the capacity to consent, or by the use of forcible compulsion. Forcible compulsion includes the use of a substance administered without a victim’s knowledge or consent which renders the victim physically or mentally impaired so as to be incapable of making an informed consent to sexual intercourse.
 - A person commits the offense of rape in the second degree if he or she has sexual intercourse with another person knowing that he or she does so with that person’s consent.
- **Fondling:** The college has determined, based on good-faith research, that Missouri law does not define the term fondling.
- **Incest** (Mo. Rev. Stat. § 568.020.1): A person commits the crime of incest if he marries or purports to marry or engages in sexual intercourse or deviate sexual intercourse with a person he knows to be, without regard to legitimacy:
 - His ancestor or descendant by blood or adoption; or
 - His stepchild, while the marriage creating that relationship exists; or

- His brother or sister of the whole or half-blood; or
- His uncle, aunt, nephew or niece of the whole blood.
- **Statutory Rape** (Mo. Rev. Stat. §§ 566.032.1 and 566.034.1):
 - A person commits the crime of statutory rape in the first degree if he has sexual intercourse with another person who is less than fourteen years old.
 - A person commits the crime of statutory rape in the second degree if being twenty-one years of age or older, he has sexual intercourse with another person who is less than seventeen years of age.
- Additionally, other crimes under Missouri law that may be classified as a “sexual assault” include the following:
- **Sodomy** (Mo. Rev. Stat. §§ 566.060.1 and 566.061):
 - A person commits the offense of sodomy in the first degree if he or she has deviate sexual intercourse with another person who is incapacitated, incapable of consent, or lacks the capacity to consent, or by the use of forcible compulsion. Forcible compulsion includes the use of a substance administered without a victim's knowledge or consent which renders the victim physically or mentally impaired so as to be incapable of making an informed consent to sexual intercourse.
 - A person commits the offense of sodomy in the second degree if he or she has deviate sexual intercourse with another person knowing that he or she does so without that person's consent.
- **Statutory Sodomy** (Mo. Rev. Stat. §§ 566.062.1 and 566.064.1):
 - A person commits the crime of statutory sodomy in the first degree if he has deviate sexual intercourse with another person who is less than fourteen years old. A person commits the offense of sodomy in the second degree if he or she has deviate sexual intercourse with another person knowing that he or she does so without that person’s consent.
 - A person commits the crime of statutory sodomy in the second degree if being twenty-one years of age or older, he has deviate sexual intercourse with another person who is less than seventeen years of age.
- **Child Molestation** (Mo. Ann. Stat. §§ 566.067.1 and 566.068.1)
 - A person commits the crime of child molestation in the first degree if he or she subjects another person who is less than fourteen years of age to sexual contact.
 - A person commits the crime of child molestation in the second degree if he or she subjects another person who is less than seventeen years of age to sexual contact.
- **Sexual misconduct** (Mo. Ann. Stat. §§ 566.093.1 and 566.095.1):
 - A person commits the offense of sexual misconduct in the first degree if such person:

1. Exposes his or her genitals under circumstances in which he or she knows that his or her conduct is likely to cause affront or alarm;
 2. Has sexual contact in the presence of a third person or persons under circumstances in which he or she knows that such conduct is likely to cause affront or alarm; or
 3. Has sexual intercourse or deviate sexual intercourse in a public place in the presence of a third person.
- A person commits the offense of sexual misconduct in the second degree if he or she solicits or requests another person to engage in sexual conduct under circumstances in which he or she knows that such request or solicitation is likely to cause affront or alarm.
- **Sexual abuse** (Mo. Ann. Stat. §§ 566.100.1 and 566.101.1):
 - A person commits the offense of sexual abuse in the first degree if he or she subjects another person to sexual contact when that person is incapacitated, incapable of consent, or lacks the capacity to consent, or by the use of forcible compulsion.
 - A person commits the offense of sexual abuse in the second degree if he or she purposely subjects another person to sexual contact without that person's consent.

Education and Prevention Programs

The college engages in comprehensive, intentional, and integrated programming, initiatives, strategies, and campaigns intended to end dating violence, domestic violence, sexual assault and stalking that:

- Are culturally relevant, inclusive of diverse communities and identities, sustainable, responsive to community needs, and informed by research, or assessed for value, effectiveness, or outcome; and
- Consider environmental risk and protective factors as they occur on the individual, relationship, institutional, community and societal levels.

Educational programming consists of primary prevention and awareness programs for all incoming students and new employees and ongoing awareness and prevention campaigns for students and employees that:

- Identifies domestic violence, dating violence, sexual assault and stalking as prohibited conduct;
- Defines using definitions provided both by the Department of Education as well as state law what behavior constitutes domestic violence, dating violence, sexual assault, and stalking;
- Defines what behavior and actions constitute consent to sexual activity and/or using the definition of consent;
- Provides a description of safe and positive options for bystander intervention. Bystander intervention means safe and positive options that may be carried out by an individual or individuals to prevent harm or intervene when there is a risk of dating violence, domestic violence, sexual assault or stalking.
- Information on risk reduction. Risk reduction means options designed to decrease perpetration and bystander inaction, and to increase empowerment for victims in order to

promote safety and to help individuals and communities address conditions that facilitate violence.

- Provides an overview of information contained in the Annual Security Report in compliance with the Clery Act.

Procedures for Reporting a Complaint

The college has procedures in place that serve to be sensitive to those who report sexual assault, domestic violence, dating violence, and stalking, including informing individuals about their right to file criminal charges as well as the availability of counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance and other services on and/or off campus as well as additional remedies to prevent contact between a complainant and an accused party, such as housing, academic, transportation and working accommodations, if reasonably available. The college will make such accommodations, if the victim requests them and if they are reasonably available, regardless of whether the victim chooses to report the crime to the local law enforcement.

After an incident of sexual assault and domestic violence, the victim should consider seeking medical attention as soon as possible at a hospital. It is important that a victim of sexual assault not bathe, douche, smoke, change clothing or clean the bed/linen/area where they were assaulted if the offense occurred so that evidence may be preserved that may assist in proving that the alleged criminal offense occurred/or is occurring or may be helpful in obtaining a protection order. In circumstances of sexual assault, if victims do not opt for forensic evidence collection, health care providers can still treat injuries and take steps to address concerns of pregnancy and/or sexually transmitted disease. Victims of sexual assault, domestic violence, stalking, and dating violence are encouraged to also preserve evidence by saving text messages, instant messages, social networking pages, other communications, and keeping pictures, logs or other copies of documents, if they have any, that would be useful to college hearing boards/investigators or police. Although the college strongly encourages all members of its community to report violations of this policy to law enforcement, it is the victim's choice whether or not to make such a report and victims have the right to decline involvement with the police. The college will assist any victim with notifying local police or sheriff if they so desire. The phone number for the Joplin Police Department is 417.623.3131 and the phone number for the Jasper County Sheriff's Office is 417.624.1601. If you have been the victim of domestic violence, dating violence, sexual assault, or stalking, you should report all incidents promptly to the Title IX Coordinator (if the incident involves sexual assault) regardless whether you file a report with the police or sheriff.

Title IX

Title IX of the Education Amendments of 1972 protects people from discrimination based on sex in education programs or activities which receive Federal financial assistance. Title IX states: "No person in the United States shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any education program or activity receiving Federal financial assistance."

Ozark Christian College prohibits discrimination on the basis of sex, including sexual harassment, in education programs and activities. Title IX protects individuals from harassment

connected to any of the academic, educational, extracurricular, athletic, and other programs, activities or employment of schools, regardless of the location. Title IX protects both males and females from sexual harassment by any school employee, student, and a non-employee third party. This policy applies to administrators, faculty, and other college employees; students; applicants for employment; customers; third-party contractors; and all other persons that participate in the college's educational programs and activities, including third-party visitors on campus. This policy applies equally to all students and employees regardless of the sex, gender, sexual orientation, gender identity, or gender expression of any of the individuals involved. The college has designated these individuals to coordinate its compliance with Title IX and to receive inquiries regarding Title IX policies on campus.

Pursuant to Title IX of the Educational Amendments of 1972 and 34 C.F.R. Part 106, Ozark Christian College's Title IX Coordinator is the designated agent of the college with primary responsibility for coordinating Title IX compliance efforts. The Title IX coordinator's responsibilities are critical to the development, implementation, and monitoring of meaningful efforts to comply with Title IX legislation, regulation, and case law. In broad terms, the Title IX Coordinator oversees monitoring of college policy in relation to Title IX law developments; implementation of grievance procedures, including notification, investigation and disposition of complaints; provision of educational materials and training for the campus community; conducting and/or coordinating investigations of complaints received pursuant to Title IX; ensuring a fair and neutral process for all parties; and monitoring all other aspects of the college's Title IX compliance.

The Title IX Coordinator for Ozark Christian College is:

Lisa White
Ozark Christian College
1111 N Main
Joplin, Missouri 64801
417.626.1223
(email) white.lisa@occ.edu

The Title IX Deputy Coordinator for Ozark Christian College is:

Chris Lahm
Ozark Christian College
1111 N. Main
Joplin, Missouri 64801
417.626.1262
(email) lahm.chris@occ.edu

If you do not wish to contact the college Title IX Coordinator or other designated college resources with your questions or concerns regarding Title IX policies and its implementation at the college, you may contact the Assistant Secretary for Civil Rights in the Office for Civil Rights (OCR) with the U.S. Department of Education. For further information on notice of non-discrimination, visit wdcrobcolp01.ed.gov/CFAPPS/OCR/contactus.cfm for the address and phone number of the office that serves your area, or call 800.421.3481.

The Title IX Coordinator is regarded as a “Responsible Employee” under Title IX and also a “Campus Security Authority” under the Clery Act. Statistical information less the victim’s identifying information will be provided to the person responsible to compile the annual crime statistics even if the victim chooses not to alert campus safety personally.

Responsible Employees

A “responsible employee” is any employee who has the authority to take action to redress sexual misconduct, who has been given the duty to report to appropriate college officials about incidents of sexual violence or any other misconduct by students, or who a student could reasonably believe has this authority or responsibility. Responsible employees include college administrators, Residence Directors, Resident Assistants, athletic coaches, and Student Life personnel (except for professional and pastoral counselors). A responsible employee must report to the Title IX coordinator all relevant details about the alleged sexual violence shared by the victim. To the extent possible, information reported to a responsible employee will be shared only with people responsible for handling the college’s response to the report. A responsible employee should not share information with law enforcement without the victim’s consent or unless the victim has also reported the incident to law enforcement. Before a victim reveals any information to a responsible employee, the employee should ensure that the victim understands the employee’s reporting obligations. If the victim wants to maintain confidentiality, direct the victim to confidential resources.

Procedures

The college will provide assistance and resources to persons who have been victims of sexual assault, domestic violence, dating violence, or stalking, and will apply appropriate disciplinary procedures to those who violate this policy. The procedures set forth below are intended to afford a prompt response to charges of sexual assault, domestic or dating violence, and stalking, to maintain confidentiality and fairness consistent with applicable legal requirements, and to impose appropriate sanctions on violators of this policy.

If a report of domestic violence, dating violence, sexual assault or stalking is reported to the college, the college will use the “preponderance of evidence” standard of evidence and the following procedures during any judicial hearing on campus arising from such a report:

- Depending on when reported, institution will provide complainant with access to medical care

Assistance for Victims: Rights & Options

Regardless of whether a victim elects to pursue a criminal complaint or whether the offense is alleged to have occurred on or off campus, the college will assist victims of sexual assault, domestic violence, dating violence, and stalking and will provide each victim with a written explanation of their rights and options. Any person who obtains an order of protection should provide a copy to the Title IX Coordinator. A complainant may then meet with the Title IX Coordinator to develop a Safety Action Plan, which is a plan for campus safety and the victim to reduce risk of harm while on campus or coming and going from campus. This plan may include,

but is not limited to: escorts, special parking arrangements, providing a temporary cellphone, changing classroom location or allowing a student to complete assignments from home, etc. The college cannot apply for a legal order of protection, no contact order or restraining order for a victim from the applicable jurisdiction. The victim is required to apply directly for these services. Orders of protection may be obtained through the Jasper County Circuit Court in Carthage or Joplin. The college may issue an institutional no contact order if deemed appropriate or at the request of the victim or accused. To the extent of the victim's cooperation and consent, college offices will work cooperatively to ensure that the complainant's health, physical safety, work and academic status are protected, pending the outcome of a formal college investigation of the complaint. For example, if reasonably available, a complainant may be offered changes to academic, living, or working situations in addition to counseling, health services, visa and immigration assistance and assistance in notifying appropriate local law enforcement. Additionally, personal identifiable information about the victim will be treated as confidential and only shared with persons with a specific need to know who are investigating/adjudicating the complaint or delivering resources or support services to the complainant. (For example, publicly available record-keeping for purposes of Clery Act reporting and disclosures will be made without inclusion of identifying information about the victim, as defined in 42 USC 1395 (a) (20).) Further, the institution will maintain as confidential any accommodations or protective measures provided to the victim to the extent that maintaining such confidentiality would not impair the ability of the institution to provide the accommodations or protective measures.

The college does not publish the name of crime victims nor house identifiable information regarding victims in the campus police departments Daily Crime Log or online. Students may request that directory information on file be removed from public sources by request to the Registrar. The Registrar's office is located in the Casteel Administration Building.

How to Be an Active Bystander

Bystanders play a critical role in the prevention of sexual and relationship violence. They are “individuals who observe violence or witness the conditions that perpetuate violence. They are not directly involved but have the choice to intervene, speak up, or do something about it.” We want to promote a culture of community accountability where bystanders are actively engaged in the prevention of violence without causing further harm. We may not always know what to do even if we want to help. Below is a list of some ways to be an active bystander. Further information regarding bystander intervention may be found. If you or others are in immediate danger, dial 911. This could be when a person is yelling at or being physically abusive towards another and it is not safe for you to interrupt.

- Watch out for your friends and fellow students/employees. If you see someone who looks like they could be in trouble or need help, ask if they are okay.
- Confront people who seclude, hit on, try to make out with, or have sex with people who are incapacitated.
- Speak up when someone discusses plans to take sexual advantage of another person.
- Believe someone who discloses sexual assault, abusive behavior, or experience with stalking.
- Refer people to on-campus or off-campus resources listed in this document for support in health, counseling, or with legal assistance.

Risk Reduction

With no intent to victim blame and recognizing that only rapists are responsible for rape, the following are some strategies to reduce one’s risk of sexual assault or harassment (taken from Rape, Abuse, & Incest National Network, [rainn.org](https://www.rainn.org).)

- Be aware of your surroundings. Knowing where you are and who is around you may help you to find a way to get out of a bad situation.
- Try to avoid isolated areas. It is more difficult to get help if no one is around.
- Walk with purpose. Even if you don’t know where you are going, act like you do.
- Trust your instincts. If a situation or location feels unsafe or uncomfortable, it probably isn’t the best place to be.
- Try not to load yourself down with packages or bags as this can make you appear more vulnerable.
- Make sure your cell phone is with you and charged and that you have cab money.
- Don’t allow yourself to be isolated with someone you don’t trust or someone you don’t know.
- Avoid putting music headphones in both ears so that you can be more aware of your surroundings, especially if you are walking alone.
- When you go to a social gathering, go with a group of friends. Arrive together, check in with each other throughout the evening, and leave together. Knowing where you are and who is around you may help you to find a way out of a bad situation.
- If you see something suspicious, contact law enforcement immediately (calling 911).
- Don’t leave your drink unattended while talking, dancing, using the restroom, or making a phone call. If you’ve left your drink alone, just get a new one.

- Don't accept drinks from people you don't know or trust. If you choose to accept a drink, go with the person to order it, watch it being poured, and carry it yourself. At parties, don't drink from the punch bowls or other large, common open containers.
- Watch out for your friends, and vice versa. If a friend seems out of it, is too intoxicated for the amount of alcohol they've had, or is acting out of character, get him or her to a safe place immediately.
- If you suspect you or a friend has been drugged, contact law enforcement immediately (local authorities can be reached by calling 911). Be explicit with doctors so they can give you the correct tests (you will need a urine test and possibly others).
- If you need to get out of an uncomfortable or scary situation here are some things that you can try:
- Remember that being in this situation is not your fault. You did not do anything wrong. It is the person who is making you uncomfortable that is to blame.
- Be true to yourself. Don't feel obligated to do anything you don't want to do. "I don't want to" is always a good enough reason.
- Have a code word with your friends or family so that if you don't feel comfortable, you can call them and communicate your discomfort without the person you are with knowing. Your friends or family can come to get you or make up an excuse for you to leave.
- Make excuses: say you need to take care of a friend or family member, you're not feeling well, you have somewhere else that you need to be, etc.
- Think of an escape route. How would you try to get out of the room? Where are the doors? Windows? Are there people around who might be able to help you? Is there an emergency phone nearby?
- If you and/or the other person have been drinking or using drugs, say that you want to wait until you both have your full judgment before doing anything you may regret later.

Adjudication of Violations

Whether or not criminal charges are filed, the college or a person may file a complaint under the sexual misconduct policy alleging that a student or employee violated the college's policy. Reports of all domestic violence, dating violence, sexual assault and stalking made to one of the Title IX Coordinators for investigation regardless of if the complainant chooses to pursue criminal charges. The college disciplinary process is consistent with the institution's policy and will include a prompt, fair, and impartial investigation and resolution process transparent to the accuser and the accused. Usually, the resolution of complaints of sexual misconduct are completed within 60 days of the report, however the proceeding's timeframe allows for extensions for good cause with notice to the accuser and the accused of the delay and the reason for the delay. Investigators and hearing board members are trained on the issues related to domestic violence, dating violence, sexual assault, and stalking and taught how to conduct an investigation and hearing process that protects the safety of the victim and promotes accountability.

Title IX states that an institution has a duty to investigate if it knows or reasonably should know of sexual harassment or sexual violence. Consequently, whether a complainant chooses to cooperate or not should not be the deciding factor for whether or not disciplinary charges are brought against an accused party. If an investigation determines that it is more likely than not

that the institution's sexual misconduct policy was violated, then the college may assume the role of the complainant. The college's policy regarding sexual misconduct is:

- The accuser and the accused student each have the opportunity to attend a hearing before a properly trained hearing board that protects the safety of victims and promotes accountability;
- The accuser and the accused will have timely notice for meetings at which the accuser or accused, or both, may be present;
- The institution will allow for timely access to the accuser, the accused and appropriate officials to any information that will be used after the fact-finding investigation but during formal and informal disciplinary meeting and hearings;
- The institutional disciplinary procedures will not be conducted by officials who have a conflict of interest or bias for or against the accuser or the accused;
- The institution provides the accuser and accused the same opportunities to have others present during an institutional disciplinary proceeding. The accuser and the accused student each have the opportunity to be advised by a personal advisor of their choice, at their expense, at any stage of the process and to be accompanied by that advisor at any meeting or proceeding. An advisor may only consult and advise his or her advisee, but not speak for the advisee at any meeting or hearing;
- A student conduct decision is based on the preponderance of evidence standard (i.e., "more likely than not to have occurred").
- The accuser and the accused will be notified simultaneously in writing of the result of any disciplinary proceeding, as well as any changes to those result or disciplinary actions prior to the time that such results become final; and
- The accuser and the accused each have the right to appeal the outcome of the hearing by the complainant or respondent may appeal the determination by submitting written objections to the Title IX Coordinator within ten (10) calendar days of the receipt of the determination and will be notified simultaneously in writing, of any change to the result prior to the time that it becomes final and of the final result after the appeal is resolved.

A person alleging sexual assault, domestic violence, dating violence, or stalking may utilize the complaint and investigatory procedures set forth in the college's policy against sexual harassment in order to remedy any hostile environment. All conduct proceedings against students, however, will be resolved through this policy which includes the prohibition of retaliatory action on the part of the accused. When a complainant does not consent to the disclosure of his or her name or other identifiable information to the alleged perpetrator, the college's ability to respond to the complaint may be limited.

Confidentiality

The college will protect the identity of persons who report having been victims of sexual assault, domestic violence, dating violence, or stalking to the fullest extent of the law.

Sanctions

Investigations that result in a finding of that a violation of policy occurred by a preponderance of evidence will lead to the initiation of disciplinary procedures against the accused individual. College sanctions including, suspension or expulsion from the college may be imposed upon those determined to have violated this policy.

Student Conduct Sanctions

One or more of following sanctions may be imposed upon a student for any single violation of the Student Conduct Code, including dating violence, domestic violence, sexual assault, and stalking: verbal reprimand, fines, restitution, community service, disciplinary written warning, specified behavioral requirements, eligibility restrictions, loss of privileges, confiscation of prohibited property, restriction of visitation privileges, housing probation, housing reassignment, housing suspension, housing expulsion, probation, suspension, and expulsion.

Conditions such as community service, reflective papers, and follow-up meetings with the Dean of Students (or designee) may be added to written warnings, fines, disciplinary probation, and deferred suspension. Where appropriate, the student may be referred for counseling, substance abuse screening, and educational programs not only as a disciplinary matter, but rather a redemptive matter.

In addition, the college may implement the following protective measures for domestic violence, dating violence, sexual assault or stalking: issuance of no contact letter to the accused, issuance of campus ban letter to the accused, and arrangement of alternative safe living conditions for the complainant.

If a sanction that is not listed is utilized following a finding of dating violence, domestic violence, sexual assault, or stalking, that sanction will be listed in next year's security report.

Employee Conduct Sanctions

One or more of following sanctions may be imposed upon an employee for any single violation of a personnel policy, including dating violence, domestic violence, sexual assault, and stalking:

1. **Oral Warning.** The employee's supervisor should have a verbal discussion with the employee in private. During that meeting the supervisor should:
 - a. Discuss with the employee the unacceptable behavior or inadequate job performance. Included in this discussion should be the who, what, when, where, how and why of any specific incidents.
 - b. Explain why the behavior is unacceptable; violated OCC policy or procedure; negatively impacts work flow; or created a performance issue.
 - c. Suggest ways for the employee to improve their behavior or skills to meet standards.
 - d. Inform the employee that the verbal conference is the first step in the disciplinary procedure and further instances of unacceptable behavior or unsatisfactory job performance will initiate progressively more serious action, up to and including termination.
 - e. Document the nature, content and date of the oral warning with a memo to the employee file. Original form should be submitted to the Director of Human Resources in a sealed confidential envelope. The oral warning may be repeated several times as the supervisor deems necessary. Specific time limits should be set on improving the behavior in question.

2. Written Warning Notice. A written warning, in the form of a performance improvement plan, should occur if the behavior is not corrected following the verbal discussion(s). The performance improvement plan should contain the following:
 - a. Describe the incident, noting any verbal discussion, which occurred prior to the written counseling. Give specific dates, times and a summary of what was said.
 - b. Inform the employee what must be done to correct or improve the unacceptable behavior. Be specific.
 - c. Discuss with the employee the training or directive necessary to achieve the desired goals.
 - d. Set a specific time limit when correction or acceptable improvement should be noticed. The supervisor should have a follow-up meeting with the employee at the appointed time to discuss the program.
 - e. State what disciplinary action will be taken if such behavior is not corrected or occurs again. Indicate that additional action may include termination.
 - f. Have the employee sign and date the written warning indicating that the conversation did take place. If the employee refuses to sign, indicate the refusal on the employee signature line, initial and date it yourself. Original copy of the written warning should be sent to the Director of Human Resources in a sealed confidential envelope.
3. Suspension. The nature of certain types of misconduct warrants placing an employee on suspension (in lieu of probation) and may be followed by a probationary period. A suspension is an imposed temporary absence from duty without pay. The purpose of this step is to make certain that the employee is aware of the seriousness of his or her behavior. Once again, continued errant behavior will result in further disciplinary action up to and including discharge.
4. Discharge. For infractions deemed to be sufficiently serious, or where there is continued failure to respond appropriately to prior corrective action, discharge is appropriate. The Executive Vice President should be notified and approval of the employee's supervisor and the Director of Human Resources must be obtained prior to the discharge of an employee under any circumstances.

Protective Measures

In addition, the college may implement protective measures following the report of domestic violence, dating violence, sexual assault and/or stalking which may include some or all of the following actions:

Protective Measures

In addition, the college may implement protective measures following the report of domestic violence, dating violence, sexual assault and/or stalking which may include some or all of the following actions:

- Probation or suspension
- Issuance of a no-contact letter to the accused
- Issuance of a campus ban letter to the accused
- Arrangement of alternate and safe living condition for the complainant by the housing department

For students, sexual assault, domestic violence, dating violence, and stalking are violations of the Student Conduct Code. Employees who violate this policy will be subject to discipline, up to and including termination of employment. Sexual assault, domestic violence, dating violence, and stalking are criminal acts which also may subject the perpetrator to criminal and civil penalties under federal and state law.

The Title IX Coordinator or a designee will determine whether interim interventions and protective measure should be implemented, and, if so, take steps to implement those protective

measures as soon as possible. Examples of interim protective measures include, but are not limited to: a college order of no contact, residence hall relocation, adjustment of course schedules, a leave of absence, or reassignment to a different supervisor or position. These remedies may be applied to one, both, or multiple parties involved. Violations of the college's directives and/or protective measures will constitute related violations that may lead to additional disciplinary action. Protective measures imposed may be temporary pending the results of an investigation or may become permanent as determined by Ozark Christian College.

Upon written request, the college will disclose to the alleged victim of a crime of violence, or a non-forcible sex offense, the report on the results of any disciplinary proceeding conducted by such institution against a student who is the alleged perpetrator of such crime or offense. If the alleged victim is deceased as the result of such crime or offense, the victim's next of kin shall be treated as the alleged victim for purposes of this paragraph.

When taking such steps to separate the complainant and the accused, the college will attempt to minimize the burden on the complainant and thus should not, as a matter of course, remove the complainant from his or her job, classes or housing while allowing the accused to remain.

Sex Offender Registration

The federal Campus Sex Crimes Prevention Act, enacted on October 28, 2000, requires institutions of higher education to issue a statement advising the campus community where law enforcement agency information provided by a State concerning registered sex offenders may be obtained. It also requires sex offenders already required to register in a State to provide notice, as required under State law, of each institution of higher education in that State at which the person is employed, carries on a vocation, volunteers services or is a student. Information about registered sex offenders in Missouri is available from the Missouri Highway Patrol mshp.dps.missouri.gov/MSHPWeb/PatrolDivisions/CRID/SOR/SORPage.html.
