

Have you ever seen the show “The Dating Game”? Just the fact that we are referencing an old game show tells you a little about the age of some of our congregation. It was a show where a host would ask a series of questions in an attempt to match the right contestant with the eligible singles, all within a thirty minute time frame.

Well, fortunately we have more than thirty minutes, but we are still praying that our spiritually focused church can find a match to fill our full-time minister position.

Our ideal candidate would be a person of deep scripturally based faith to lead the First Christian Church of Erie Kansas.

Our match will not only have the ability to deliver a spirit-lead sermon on Sunday but be able to take the church outside the building on Monday and into our homes and throughout our community. [Erie, Ks](#)

We are blessed to be financially stable with a modern, up-to-date church facility that can accommodate future growth. Check out our [facebook](#) page for photos of our church and activities.

We offer a well-appointed three-bedroom, two bath, parsonage which we will provide photos of as needed.

We recently added a state-of-the-art multimedia system that live streams our services (which we post on [YouTube](#)) in a professional format reaching well beyond our usual 40 to 50 Sunday morning attendees.

If you are looking for a church family that is less interested in your age, marital status, or gender than your heart and your passion for spreading the love of Jesus then we should definitely set a date to explore if you could be our match.
