Job summary

The primary purpose of the GraceKids Pastor position is nursery, pre-school and elementary age children from birth to fifth grade.

This includes details such as:

- Choosing/writing/preparing curriculum for the volunteer team. (Wednesday evenings and Sunday. Volunteer team is already in place.)
- Organizing volunteers for serving the various GRACEKids ministry needs
- Shared responsibilities of pastoral care of church families
- Assist with annual events for GRACEKids [camps, summer activities, local outreach, etc.]

A more comprehensive list is available if desired. GraceCommunity is a pretty unique church in quite a few ways. It is a very easy place to plant deep roots. While we understand the Lord may call a person at any time to a different venue, we have a good history of pastors serving for long terms. If you are looking for a place to dig in and become a part of a community, this is the place. You will both serve and be served here. We do not see pastoral staff as a commodity to be used up and discarded, rather we desire to nurture you as you nurture us.
