Christian Periodical Index

Christian Periodical Index®, provides indexing for evangelical Christian journals providing both articles and review indexing. Current indexing includes over 140 titles back to 1976.

ATLA Religion Database with ATLASerials

ATLA Religion Database® (*ATLA RDB*®) with *ATLASerials*® (*ATLAS*®) combines the premier index to journal articles, book reviews, and collections of essays in all fields of religion with ATLA's online collection of major religion and theology journals. The *ATLA Religion Database* includes more than 620,000 article citations from more than 1,746 journals (575 currently indexed), more than 250,000 essay citations from over 18,000 multi-author works, more than 570,000 book review citations, and a growing number of multimedia citations. In *ATLASerials*, full text is provided for more than 380,000 electronic articles and book reviews. This database is produced by the American Theological Library Association.

Academic Search Premier

This multi-disciplinary database provides full text for more than 4,600 journals, including full text for nearly 3,900 peer-reviewed titles. PDF backfiles to 1975 or further are available for well over one hundred journals, and searchable cited references are provided for more than 1,000 titles.

Teacher Reference Center

Teacher Reference Center provides indexing and abstracts for 280 of the most popular teacher and administrator journals and magazines to assist professional educators.

Library, Information Science & Technology Abstracts

Library, Information Science & Technology Abstracts (LISTA) indexes more than 560 core journals, nearly 50 priority journals, and nearly 125 selective journals; plus books, research reports and proceedings. Subject coverage includes librarianship, classification, cataloging, bibliometrics, online information retrieval, information management and more. Coverage in the database extends back as far as the mid-1960s.

GreenFILE

GreenFILE offers well-researched information covering all aspects of human impact to the environment. Its collection of scholarly, government and general-interest titles includes content on global warming, green building, pollution, sustainable agriculture, renewable energy, recycling, and more. The database provides indexing and abstracts for more than 384,000 records, as well as Open Access full text for more than 4,700 records.

American Doctoral Dissertations, 1933 - 1955

A Free Index to Nearly 100,000 Key Dissertations

This free research database provides access to the only comprehensive record of dissertations accepted by American universities between 1933 and 1955, the print index *Doctoral Dissertations Accepted by American Universities*. Full page images of the original print index may be searched by author, title, subject and university.

Doctoral Dissertations Accepted by American Universities was an index compiled annually for the National Research Council and The American Council of Learned Societies by the Association of Research Libraries. It was published by the H. W. Wilson Company.

Researchers can access the free database at www.opendissertations.com.

The database was created with the generous support of the [H. W. Wilson Foundation](#) and the [Congregational Library & Archives in Boston](#).

[European Views of the Americas: 1493-1750](#)

This archive is a comprehensive guide to printed records about the Americas written in Europe before 1750 from *European Americana: A Chronological Guide to Works Printed In Europe Relating to the Americas, 1493-1750*. This authoritative bibliography is well-known and respected by scholars worldwide, and a valuable index for libraries, researchers and individuals interested in European works that relate to the Americas.

It was co-developed by John Alden and the Curator of European Books at The John Carter Brown Library, Dennis Landis. This electronic index represents a wide range of topics, from the British/French/Dutch in America to natural disasters, religious orders, slavery and more. The John Carter Brown Library, founded in 1846, is a foremost repository of rare books and materials and is a center for advanced research in history and the humanities.

Titles include:

European Americana: A Chronological Guide to Works Printed in Europe Relating to the Americas, 1493-1600
