

# RSCC | Lead Minister Description

---

Rising Sun Church of Christ is excitedly seeking the new Lead Minister God has in store for us. We are confident God is and will continue to do great things in our community and are eager to follow HIS lead to find a Godly, loving man to help reach the lost.

## Main Responsibilities:

LOVE God & LOVE People.

People need love. Period. Loving God with all of our heart translates into living out that love. Our prayer is to have a Lead Minister who demonstrates a palpable love for people. All other qualities fall into place when the starting point is love.

## Additionally:

- The Minister is responsible for preaching the Word of God. Messages should include a study of the scriptures along with an understanding how it applies to our lives every day.
- The mission of the church is to lead people to a life-changing relationship with Jesus Christ. Our Lead Minister should share this vision as well. Our board is excited to partner together to bring this vision to life in tangible ways.
- The Minister shall be committed to the personal study of scripture and the practice of prayer. His top priority should be his relationship with Christ, which should naturally result in Christlike actions, choices, and personal interactions with others.
- RSCC is looking for a man passionate about shepherding the church members. We believe the best connections are gained through face-to-face conversations in homes, lunches, and dinners together, at the bedside of the sick and hurting, or in the stands of a ballgame.
- Finally, we are praying for God to bring us a strong leader with a servant's heart. He will possess the passion needed to lead RSCC into an active faith reaching into the community of Rising Sun and far beyond.
