FULL-TIME TEACHING POSITION

Lives Under Construction (LUC) Boys Ranch is a residential treatment program for at-risk boys between the ages of 7 and 18. Our program is designed to enable boys to become productive, law-abiding, respectful young men through a balanced Christ-centered program of academics, vocational training, and good old-fashioned hard work. Because the boys that we work with come from a variety of backgrounds, LUC staff members need to be servant-minded, consistent in enforcing the program through structure and discipline, calm and kind during stressful situations, committed to instilling habits that lead to later success, and dedicated to seeing projects through to completion.

We are searching for a responsible person who enjoys working with young people. This person should be able to lead, support, and motivate strong-willed boys. The teacher will plan, organize and implement an appropriate instructional program in a learning environment that guides and encourages students to reach their academic potential. The teacher should demonstrate consistency, flexibility, and teamwork.
