

Spiritual Development

Community Engagement

Leadership Experience

Looking for a paid internship this summer?

Immerse is hiring three Interns for the months of June and July. Interns play a huge role in the Immerse program. They lead groups of Middle School and High School youth at various service sites throughout Lincoln and Omaha and facilitate multiple aspects of the program. Interns have the unique opportunity to engage with youth relationally and provide spiritual mentorship. We are searching for individuals with a heart for God, a love for youth, and desire to be stretched in their faith. Interns can use their unique gifts, abilities, and skills in a variety of ways. Experience in any of the following areas could be utilized: sports ministry, leading worship, audio visual, children's ministry, teaching, cooking, mentoring, construction, leadership, or photography.

Looking to serve the community and grow as a leader?

Interns will be "immersed" in the diverse community and neighborhood of F Street Neighborhood Church in downtown Lincoln for the months of June and July. Interns will attend orientation the first week of June and then work three Immerse weeks in June and three weeks in July. Interns will receive weekly discipleship and ministry training, free lodging at an "Intern House" in downtown Lincoln, payment of \$2,000 and an exciting experience serving with Immerse students throughout the Lincoln and Omaha area. We believe this will be a fun summer of learning and growing!

For more information or to apply, contact Sage at 515-480-3836 or sage.s.peterson@gmail.com, or go to Immerselincn.org/internship.
